## Process undergo during Domain

we visited salem collectrate first then they asked us to go to salem city Municipality office .we visited there by 4:30 PM we met the clerk and asked permission ,he then asked us to go to the first floor.

There we met another person he said us to meet the Personal Assistant(PA) of the commissioner . we introduced ourself that we from sona college and explained about our project and showed our letter he said some corrections in the letter and asked us to rectify it .Then he asked about our project and we explained him and requested the hierarchy of the Municipality department .He then asked us to get permission and seal from the Joint Director . we then came to ground floor to meet JD he was not there we waited for 15 minutes and then he arrived.

JD sir then called us answer asked us to sit .we introduced ourself and explained our project that is digitalising the complaining system and asked him about the hierarchy of the Municipality department and he started to explain us , then there we get a chance to meet the city engineer . once he explained he asked us if we have any doubts and he clarified our doubts .Its a good learning experience on visiting the domain and learning new things regarding our project visiting the Municipality office and gained knowledge of how it works is known by this Domain visit.
